PREFACE.

p. xiii

When this work was commenced, there were ominous signs that the low price Directories published for this district had not answered the expectations of their proprietors, nor given satisfaction to the public. These and other reasons were indicative of there being a good opening in this important and rising locality for a first-class Directory for 1867. The compilers made a calculation of the probable cost of 5,000 copies, which caused them to come to the conclusion that to publish a book worthy of the name of a Directory, and creditable to themselves, at the charge of *One Shilling*, would involve a loss of £150.

Now, as they had no desire to injure themselves or their creditors, they resolved to charge 2s. 6d. for each copy; and, with many thanks to the several thousand persons who have subscribed to their work and to advertizing firms—

THE WEST LONDON DIRECTORY is a great success.

Be it observed, this work is not a reprint of this or any of last years' Directories. The inhabitants of the various townships within a radius of several miles can bear testimony that we have faithfully canvassed them for the requisite information. It also contains two-thirds more streets, crescents, terraces, places, &c., &c., than any work that has been published for this district, besides an excellent map drawn and printed by themselves specially for this work.

They would not even insinuate that it is free from error; but they have used every means in their power to make it as correct as possible, and they believe that eventually it will be found to be

well worthy of public support.

They much regret that they are a little beyond the time they promised to bring it out, but in order to give it a correct and alphabetical arrangement, the matter required re-writing several times over; this, and other difficulties which they did not foresee, must be their apology. All future editions will not involve more than one-half the labour, and they trust and believe that no complaints will be made against them in this respect any more.

„ „ 1 oz. „ „	2d.
„ „ 1½ oz. „ „	3d.

„ „ 2 oz. „ „	4d.
„ „ 2½ oz. „ „	5d.

and so on at the rate of 1d. for every additional half-ounce or fraction of half an ounce. No limit exists to the weight of paid letters, but no inland letter must exceed 2 ft. in length, or 1 ft. in breadth or depth. All inland letters must be prepaid in stamps, except Letters posted at St. Martin's-le-Grand before five p.m. daily by one individual or firm collectively, postage of which amounts to £2 or upwards.

Letters by private ship, under ½ oz., 6d., except Belgium and Holland, Newspapers 1d.

UNPAID LETTERS.—Persons sending letters by post unpaid, which from any cause cannot be delivered, are liable to pay the postage so charged, under the 3rd and 4th of Victoria, cap. 96, and the 10th and 11th of Victoria, cap. 85; and, under the 1st of Victoria, cap. 36, may be recovered, with costs, by a summary process before a magistrate.

A letter when posted is considered the property of the person to whom it is addressed, and the receivers may not therefore give back a letter under any circumstances whatever.

Re-directed letters subject to a second postage at the rate charged for prepaid letters.

Soldiers' or seamen's letters are subject to a postage of 1d. if prepaid and under ½ oz.; by private ship 1d. gratuity in addition must be paid. Letters from abroad sent by or addressed to soldiers or seamen, when unpaid, are charged 2d. If sent to or through a foreign country they are liable to foreign rates in addition, but to no further charge upon re-direction.

Letters from soldiers or seamen to the United States are subject to the United States' rate of 2½d. in addition to the usual reduced rate, the whole to be paid in advance when posted in this country.

REGISTERED LETTERS.—Inland, colonial, and ship letters, can be registered upon payment of 4d. for inland, and 6d. colonial and ship letters, beyond the postage.

Registered letters for France, and countries through France, must be prepaid with double the amount of the ordinary postage, and those for Prussia, and countries through Prussia, must have the foreign registration fee and postage paid in addition to the British. Registered letters for Russia must be prepaid with double the amount of the ordinary postage. Registered letters must be posted half an hour previous to the ordinary letters, but are received at the General Post Office, and at the chief district and branch offices in London, up to the latest time for posting, on payment of an additional fee of 4d.

NEWSPAPERS (stamped) sent by post must be made up in covers open at the sides, have the impressed stamp visible, and no marks or writing (other than the address) thereon, or anything enclosed, or it subjects them to letter postage. British newspapers, when duly stamped, are forwarded free throughout the United Kingdom (except those delivered within three miles of the place where posted, which are charged 1d.) Unstamped newspapers, if weighing under 4 oz., may be forwarded between places in the United Kingdom by affixing 1d. postage stamp. For places abroad, the impressed stamp is valueless, as the postage must be prepaid by postage labels.

p. 325

Note.—Newspapers for foreign parts and colonies, if posted later than fifteen days after date of publication, are charged letter postage.

BOOKS, &c.—Printed books, pamphlets, magazines, reviews, &c. whether British, foreign, or colonial, may be forwarded by post between places in the United Kingdom (made up in the same manner as newspapers), if prepaid in stamps, at the following rates:—

Under 4 oz., prepaid	1d.
„ 8 oz. „ „	2d.
„ 16 oz. „ „	4d.
„ 24 oz. „ „	6d.
„ 32 oz. „ „	8d.

and 2d. for every additional 8 oz., or any less weight; no parcel to exceed 24 inch any way, but may contain more than one book, &c.

A BOOK PACKET may contain writing (when not of the nature of a letter), and any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment, or vellum (to the exclusion, however, of letters, whether sealed or open). And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

INLAND PATTERN AND SAMPLE POST.—For a packet of patterns or samples—

Under 4 oz.	0s. 2d.
Over 4 oz. but under 8 oz.	0s. 4d.
„ 8 oz. „ „ 16 oz.	0s. 8d.
„ 16 oz. „ „ 24 oz.	1s. 0d.

The postage must be prepaid in stamps, or it will be charged double. If the postage be over 24 oz. in weight it will be charged as a letter. There must not be any writing or printing, except the address, trade mark, number or price of the articles, which must not be on loose paper, but firmly attached to the samples or bags containing them. Any loose inclosure will be taken out, and charged as an unpaid letter, with an additional rate of 1d.

The patterns or samples must be in covers open at the ends, so as to be easy of examination. Samples of seeds, &c., may be enclosed in boxes of cardboard, or bags of linen or other material, but so fastened that they may be readily opened, otherwise they will be treated as a letter.

Scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, may be sent, provided they be packed in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time they may be easily examined. Any packet containing such articles as these, which is found not sufficiently guarded will be stopped, and notice given thereof, but it will be charged with a fine equal to the postage to which it was liable as a packet of patterns.

A packet of samples or patterns may be kept back by any head postmaster for twenty-four hours when requisite, to prevent any delay to the regular transmission of letters.

The preceding regulations apply only to the United Kingdom.

MONEY ORDERS are granted and paid at every post town in the United Kingdom, at a charge of 3d. for sums not above £2; 6d. not above £5; 9d. not above £7, and 1s. not above £10, which is the highest sum for which a single order is granted.

p. 327

Money orders drawn on London are payable only at the chief office, between ten and four, except on Saturdays, and then between ten and one.

Payment of a money order must be obtained before the end of the third month in which it was issued, or a fresh commission is charged, and no order is paid after twelve clear months.

If a Testator wishes the Charity to receive the Legacy free from Duty, he will please to add:—

"And I direct the said last-mentioned Legacy to be paid free from Legacy Duty, which I direct to be paid out of the same fund."

NOTE. The will must be signed in the presence of two witnesses (both being present at the same time), who must sign their names in the presence of the Testator, and of each other, and add their description.

Bequests, for charitable purposes, of land, tenements, or leaseholds, or of money charged on, or secured by mortgage of, or to be laid out in purchase of, or to arise from the sale of, such property, are void; but money, stock, or other personal property, may be so bequeathed.

REGULATIONS IN REFERENCE TO THE ATTENDANCE AND ADMISSION OF PATIENTS.

IN-PATIENTS are seen Daily, at Half-past Eight o'clock, a.m.

(Children between the ages of Two and Ten.)

Tuesday and Friday	Dr. West
Monday and Thursday	Dr. Hillier.
Wednesday and Saturday	Mr. T. Holmes.

OUT-PATIENTS are seen Daily, at Nine o'Clock, a.m.

(From Birth to the age of Twelve Years.)

Monday and Thursday	Dr. Ringer and Dr. Gee.
Tuesday and Friday	Dr. Buchanan and Dr. Dickinson.
Wednesday and Saturday	Mr. Thomas Smith.

The Surgeon-Dentist, Mr. S. Cartwright, attends on Wednesday Morning at Nine o'Clock.

1. When there is not room in the Hospital for all the Patients recommended at one time, the most urgent cases are selected and admitted; the other cases are made Out-patients, or postponed, till there is a vacancy in the House.
2. No Child suffering under Small-Pox is received into the House. Many cases of Rickets, of Hip-Joint Disease, or of Scrofulous Disease of the Spine or of too Joints, are of necessity refused, either because they are quite incurable, or because they require nothing but rest for many months, or because good diet and fresh air for months or years are essential to improvement; and the reception of such cases would convert the Hospital into an Asylum for Sickly Children, instead of a place for the treatment and cure of the Diseases of Childhood: *such cases, therefore, can be received only on a Special Medical Certificate.*
3. In case of Patients sent from the Country, Governors are earnestly requested to send a few days beforehand to the Lady Superintendent, in order that they may avoid the disappointment of finding that the Hospital is full, or that the case is not eligible for admission.

4. Subscribers of Two Guineas, and Donors of Twenty Guineas, can recommend One In-Patient in the year: Subscribers of Three Guineas, and Donors of Thirty, Two; Subscribers of Five Guineas, and Donors of Fifty, Four In-Patients; but the size of the Hospital, and its resources, do not at present admit of an extension of the privileges of Subscribers.

The Committee beg to intimate that presents of worn-out Table, Bed, or other Linen, articles of Children's Clothing, Children's Books, or Toys, are most valuable to the Charity.

England has done the deed,—the mystic thread
 Lies sound and safe upon its shingly bed;
 Hail, noble science! that the world can span,

And freight the lightning with the thoughts of man;
 Tho' difficult her path beneath the deep,
 Where wrecks and relics of past ages sleep;
 Tho' Neptune snapped her first heart-treasured chain,
 And flung it from her in his high disdain.
 She laid another—grappled in the brine,
 Found her lost treasure, and secured her line;
 When GUTTA PERCHA SOLES were first invented,
 How many sceptics were there, now relented?
 What obstacles abound with new ideas—
 What rainbows shine amid our hopes and fears;
 But DICK'S is now a well established plan.
 Own'd and accepted as the boon of man;
 And like the telegraph in its impervious dress,
 'Twas GUTTA PERCHA sealed the great success.

CAUTION.

p. xviii

IF you have had the misfortune to loose a Tooth, or several Teeth, and wish to replace them economically, do not be led away by the false prices, and specious advertisements which are daily to be met with, in almost every newspaper, or other advertising medium. Recollect! that a very great deal of difference exists between "cheapness" and "lowness of price." "Artificial Teeth," like various other things, may be obtained low in price, and yet be by no means cheap to the wearer, because, in nine cases out of every ten, they are generally badly constructed, and, if this is the case, "Artificial Teeth" on such a principle, must necessarily become EXPENSIVE articles however LOW the price of the same may be.

MESSRS. LEE, the old established Dentists, of Bayswater and Notting Hill, are led to make these remarks from the fact that rarely does a week pass, but they are consulted by patients who have in this manner (through some specious advertisement) not only paid a considerable price for a worthless piece of mechanism, but one mouth itself has been seriously and sometimes irremediably injured, by the imperfect adjustment and deleterious compositions that have been used.

All this might have been avoided if a respectable Dentist had been consulted in the first instance, and, possibly, half the expense saved by the patient.

MESSRS. LEE, in offering the benefit of their experience in all cases of Dental defect or deficiency,

do so without apology, because it is with satisfaction to themselves that they, with certainty, can allude to the happy results attendant on their own exclusive system of Dentistry. Their long practical experience, in a large and daily increasing practice, enables them with confidence to guarantee to all who may consult them "A THOROUGH RESTORATION OF THE LOST TEETH, by replacing new ones fully equal (in all respects) and frequently FAR SUPERIOR, in durability and beauty, than the originals."

MESSRS. LEE wish it to be thoroughly understood that there are so many adventitious circumstances always affecting the cost of *properly constructed* "Artificial Teeth," that it becomes a matter of impossibility to make any particular rule subservient to every case, but they trust that the following scale of charges will enable any one wishing to consult them to form a general idea of the cost where no complication is present.

SINGLE TEETH	5/-, 7/6, 10/6, 15/-, AND 21/- EACH.
PARTIAL PIECES	2, 4, 5, 7, 8, AND 10 GUINEAS.

FIRE DEPARTMENT.

*The latest returns of Government Duty show the **ROYAL**, on the authority of Parliamentary Documents, to be at the head of all the Insurance Offices as regards increase of business.*

The Receipt of FIRE PREMIUMS has progressed as follows:

1857	£175,049	1861	£292,402
1859	228,314	1863	341,668

While for 1865 they amounted to **£414,733**.

The ROYAL Insurance Company has invariably been distinguished for its promptitude and liberality in the settlement of Claims.

LIFE DEPARTMENT.

The rapid progress and the position of this Branch will be best shown by the following Statement of the New Life Business effected for the years

Net sum assured on New Policies after deducting Guarantees.			
1857	£329,380	1861	£521,101
1859	434,470	1863	752,546

While for 1865 the amount was **£888,683**.

The most important Element of the high prosperity of the Life Branch has been the exceedingly small amount of the General Expenditure charged against it, arising from the fact that the Fire Branch (while otherwise distinct) has, from its extraordinary magnitude, borne by far the largest proportion of the indispensable charges, such as those for Offices, Directors, Management, staff of Clerks, &c., leaving the Life Branch comparatively unweighted by expense.

**Internal System of
DEFENCE AGAINST FIRE.**

(1.) THE FIRE WATCH.

TAYLOR'S PATENT FIRE-WATCH.

Is a simple apparatus, which will infallibly detect an incipient fire, and give prompt warning in the apartment where the fire is breaking out, and in others, however remote, by ringing a bell or bells—either in the building or outside it. It is simple and safe; introduces no dangerous material; never wears out; and consumes nothing whatever. When once fixed it will last a life-time, if not wilfully or carelessly injured. There is no doubt that ultimately it will be as common at sea as the compass, and on land as the clock.

**Price of the portable Instrument complete, with Bell, from 25s. to 50s.,
according to style and finish.**

SCOTT'S TUBULAR FIRE-WATCH, *an improvement upon TAYLOR'S can be applied to any dwelling house, warehouse, factory, shop, or ship, by estimate.*

(2.) THE EXTINGUISHER.

PHILLIP'S PATENT EXTINGUISHER

Is the most effective self-acting Fire-Engine in existence. It will put out any fire that is confined to one apartment instantaneously; and may be used without difficulty, even by a boy or girl. It costs nothing to charge it; is a good garden Engine; an excellent window-cleaner; and in all respects thoroughly sound and reliable.

Price from £3 to £5 each, according to size and finish.

(3.) THE ESCAPE.
SCOTT'S FAMILY FIRE ESCAPE

Is capable of being applied to any window from the inside, and will carry a family, in perfect ease and safety, from the highest story, in a few minutes. It is useful also for cleaning windows, and is an excellent lift for getting furniture and other goods into the house.

Price complete, £10.

We have also small Escapes for a man alone, at lower prices. But the Family Fire-Escape is applicable to almost every imaginable case, and may be fully depended upon.

Few fires can become serious on premises where these appliances are used.

ESTABLISHED TO SUPPLY THE PUBLIC WITH
SCOTT'S
INTERNAL
SYSTEM OF DEFENCE AGAINST FIRE

This System is based on the principle that private endeavour should precede public help, which at once suggests that the Internal ought to be the System proper, the External its supplement. The latter has obviously these inherent defects:—

1—Its appliances are necessarily outside the house in which the fire occurs; 2—They are very often remote from it; 3—They are so cumbrous and complex as to require a staff of strong well-trained men to work them.

Ours, on the contrary—1—Are Internal and always on the spot; 2—the most important of them are self-acting; 3—The whole are so simple and manageable that the most ordinary person may make effective use of them. *We therefore supply exactly what is wanting.*

How pressing the want is as regards life will be known to all who have not forgotten the many fatal fires of the present year—especially that at Swansea, and the equally awful one in Dublin, which together took away a dozen lives, most of them in their prime.

That property needs more protection than it now has is evident from the fact that the Insurance Companies are increasing their charges.

The last Annual Report of the Royal Insurance Company, as published in the "Daily Telegraph," says:—

"The fire losses have amounted to £318,946, or nearly 77 per cent. on the premiums received. This is beyond the legitimate percentage, though less than the amount anticipated at one period of the year; and 10 per cent. less than the average ratio of loss recently announced authoritatively as falling upon three other well-known and highly respectable establishments of larger revenue during the year 1865. This combined experience affords, together with the still more disastrous results of some other companies, undeniable evidence that the premium charged upon fire insurance is at present unremunerative. This fact has, however, formed so universal a theme of regretful comment at recent meetings of fire offices, that the Directors content themselves with assuring the Shareholders that they are prepared for a re-arrangement of rates."

See also the Speech of the Chairman of the Queen Insurance Company, at the last Ordinary General Meeting of Shareholders, as given in "Gore's General Advertiser."

"Although the business of the Company up to the end of the year had been satisfactory, and had yielded a fair profit, the fire department had been of an unsatisfactory character, their average losses having reached 82½ per cent., which precluded the possibility of dividing anything whatever. He alluded also to the necessity of raising the premium as a general measure. (Sensation.) The Directors had run no risks which they ought not to run, they had gone into no field which their neighbours had not entered into before them, and they had taken every precaution; but fires were so perpetually happening on all sides that he saw no chance of making money."

We submit that the true remedy for this grave state of things is our Internal System of Defence, which comprises Prevention, Detection, Extinction, and Escape. Very few fires can become formidable where it is established. It reduces the risks of Insurance Companies, to a minimum, by providing honest insurers, with the most effectual safeguard, and lessening as much as possible the chances of fraud. Prices and particulars on application to the undersigned, at the Companys' offices, 551, Oxford Street, London. W.

p. 320

If you have had the misfortune to loose a Tooth, or several Teeth, and wish to replace them economically, do not be led away by the false prices, and specious advertisements which are daily to be met with, in almost every newspaper, or other advertising medium. Recollect! that a very great deal of difference exists between "CHEAPNESS" and "LOWNESS OF PRICE." "Artificial Teeth," like various other things, may be obtained low in price, and yet be by no means cheap to the wearer, because, in nine cases out of every ten, they are generally *badly constructed*, and, if this is the case, "Artificial Teeth" on such a principle, must necessarily become EXPENSIVE articles however LOW the price of the same may be.

MESSRS. LEE, the old established Dentists, of Bayswater and Notting Hill, are led to make these remarks from the fact that rarely does a week pass, but they are consulted by patients who have in this manner (through some specious advertisement) not only paid a considerable price for a worthless piece of mechanism, but the mouth itself has been seriously and sometimes irremediably injured, by the imperfect adjustment and deleterious compositions that have been used.

All this might have been avoided if a respectable Dentist had been consulted in the first instance; and, possibly, half the expense saved by the patient.

MESSRS. LEE, in offering the benefit of their experience in all cases of Dental defect or deficiency, do so without apology, because it is with satisfaction to themselves that they, with certainty, can allude to the happy results attendant on their own exclusive system of Dentistry. Their long practical experience, in a large and daily increasing practice, enables them with confidence to guarantee to all who may consult them "A THOROUGH RESTORATION OF THE LOST TEETH, by replacing new ones fully equal (in all respects) and frequently FAR SUPERIOR, in durability and beauty, than the originals."

MESSRS. LEE wish it to be thoroughly understood that there are so many adventitious circumstances always affecting the cost of *properly constructed* "Artificial Teeth," that it becomes a matter of impossibility to make any particular rule subservient to every case, but they trust that the following scale of charges will enable any one wishing to consult them to form a general idea of the cost where no complication is present.

SINGLE TEETH	5/-, 7/6, 10/6, 15/-, AND 21/- EACH.
PARTIAL PIECES	2, 4, 5, 7, 8, AND 10 GUINEAS.
SETS OF TEETH	4, 5, 7, 8, 10, 12, 15, AND 20 Guineas.

Toothache instantly cured, and the decayed Tooth preserved in the Mouth.

A NEW & VALUABLE COMPOSITION

For filling decayed teeth, without the slightest pain, heat, or pressure.
INCORRODIBLE MINERAL TEETH,

From Five Shillings each, unparalleled for Beauty and Durability,

Fixed on an entirely NEW and PATENTED PRINCIPLE, from one to a complete set.

The following lines afford a good illustration of the bad effects produced by the loss of teeth on the fair sex.

She never smiles—no happy thought
Lights up her pensive eye;
The merry laugh from lip to lip,
Passes unheeded by.
Frozen for ever in her heart,
The sparkling font of gladness;
And o'er her pours in rapid flood.

See never smiles—has frowning Grief
With its stern magic bound her?
Has Care its long lean fingers raised,
To cast its fetters round her?
Has one so young the lesson learnt,
That love is oft betrayed?
Ah no! she never smiles, because—

The ebon wave of sadness.

HER FRONT TEETH ARE DECAYED.

**MUSTARD POULTICES ENTIRELY SUPERSEDED by the use of
COOPER'S**

The new Mustard Poultrice, recommended by the Faculty.

A most efficacious and convenient substitute for Mustard Poultrice, possessing many advantages both in simplicity of application and in economy of time. In efforts are immediate, and equally distributed wherever the tissue may be applied; it can be removed without the least inconvenience either to the patient or the nurse.

EQUALLY SUITABLE FOR INFANTS AS WELL AS ADULTS.

DIRECTIONS FOR USE.

Well wet the part affected with lukewarm water, and apply as much Tissue as may be required, covering it with spongio-piline, or flannel, made wet with hot water. For Children, it should remain on from two to five minutes; for Adults, from five to fifteen minutes.

The Tissue is easily removed by moistening it with lukewarm water.

MEDICAL TESTIMONIALS.

*Extract from the "SOCIAL SCIENCE REVIEW," edited by BENJAMIN W. RICHARDSON, Esq. M.A., M.D., F.R.C.P.,
Senior Physician to the Royal Infirmary for Diseases of the Chest.*

"Cooper's Sinapine Tissue, Mustard Paper.—This is a thin paper charged with mustard, and forming a substitute for a mustard poultrice. We have tried the Tissue practically, and find it answers all the objects of the mustard poultrice, with the advantages of being cleanly and easy in application, and always ready. It is a great improvement."

From EDWARD ELLIS, Esq., M.D. Physician to the Samaritan Free Hospital; late Physician to the

118, WARWICK STREET, BELGRAVIA, S. W., January 8th, 1866.

"SIR.—Since I became acquainted with your Sinapine Tissue, I have always recommended it in place of the ordinary Mustard Poultice, than which, in many cases, nothing can be more inconvenient of application; whereas the Tissue is light, cleanly, certain, and uniform in its action, and very easy to apply. The rapidity with which it produces the necessary effect a also a valuable quality. Altogether it is, in my opinion, a very useful invention."

To Mr. A. COOPER.

EDWARD ELLIS, M.D.

From GEORGE DOWN, Esq., M.D., M.R.I.

To Mr. ALBERT COOPER,

KENSINGTON, February 20th, 1865.

I have for some time advised the use of your Sinapine Tissue in lieu of Mustard Poultices, and have amply observed its effect. It has given great satisfaction, and certainly possesses many advantages, namely, readiness of application, cleanliness, lightness, and a uniform diffusion of stimulation. Where there may be necessity to retain heat upon the part, a piece of spongio-piline, moistened with hot water and applied over the Tissue, answers admirably.

GEORGE DOWN, M.D. M.R.I.

Extract from Dr. SPENCER THOMSON'S "DICTIONARY OF MEDICINE."

"Sinapine Tissue, or Mustard Paper.—In this article we have a most convenient, elegant, and efficient addition to our means of treatment. The Mustard Paper, made by Mr. Cooper, of Abingdon Terrace, Kensington, and introduced by him to the notice of Profession, acts very quickly and energetically, in the same way as a Mustard Poultice, without the disagreeables attendant upon that clammy and uncomfortable application, and it seems to leave less marks afterwards. From its energetic action, the time of application is necessarily the shorter than when the old form of Mustard Poultice is used."

**Patent Self-Protecting
WATCH PENDANT,**

BY
GEO. SNOWBALL,
18, SPRING STREET,
PADDINGTON, W.

THE intention of the Inventor is to give to the owners of valuable watches the security and confidence hitherto not enjoyed; as it is unhappily too well-known that the wearer of so useful an article as a watch is always in danger of having it wrenched from him. In many instances, gentlemen have discontinued to display their watch guards for fear of losing the watch attached to it, therefore being under the necessity of putting away a useful and elegant part of dress.

Watches made with the above improvement are keyless; the Watch being wound and the hands set to the time, and the Watch itself protected by this novel invention. The pendant being a universal joint, cannot be wrenched off.

The Self-protecting Pendant can be fixed to any Watch for a small cost.

The invention has been highly approved of by a number of scientific gentlemen.

A MAGISTRATE'S OPINION.

"The invention is an excellent one—the best of the kind that I have seen, as it prevents pick-pockets from wrenching the watch from the guard; and I consider it of great value in its tendency to lessen crime: the ease with which a watch can be wrenched from the guard by the bow, is the cause of Watch stealing being practised to so great an extent."

**SCOTT'S
Internal System of
DEFENCE AGAINST FIRE.**

(1.) THE FIRE WATCH.
TAYLOR'S PATENT FIRE-WATCH

Is a simple apparatus, which will infallibly detect an incipient fire, and give prompt warning in the apartment where the fire is breaking out, and in others, however remote, by ringing a bell or bells—either in the budding or outside it. It is simple and safe; introduces no dangerous material; never wears out; and consumes nothing whatever. When once fixed it will last a life-time, if not wilfully or carelessly injured. There is no doubt that ultimately it will be as common at sea as the compass, and on land as the clock.

**Price of the portable Instrument complete, with Bell, from 25s. to 50s.,
according to style and finish.**

SCOTT'S TUBULAR FIRE-WATCH, *an improvement upon Taylor's can be
applied to any dwelling house, warehouse, factory, shop, or ship, by estimate.*

(2.) THE EXTINGUISHER.
PHILLIP'S PATENT EXTINGUISHER

Is the most effective self-acting Fire-Engine in existence. It will put out any fire that is confined to one apartment instantaneously; and may be used without difficulty, even by a boy or girl. It costs nothing to charge it; is a good garden Engine; an excellent window-cleaner; and in all respects thoroughly sound and reliable.

Price from £3 to £5 each, according to size and finish.

(3) THE ESCAPE.
SCOTT'S FAMILY FIRE ESCAPE

Is capable of being applied to any window from the inside, and will carry a family, in perfect ease and safety, from the highest story, in a few minutes. It is useful also for cleaning windows, and is an excellent lift for getting furniture and other goods into the house.

Price complete, £10.

We have also small Escapes for a man alone, at lower prices. But the Family Fire-Escape is applicable to almost every imaginable case, and may be fully depended upon.

Few fires can become serious on premises where these appliances are used.

*** END OF THE PROJECT GUTENBERG EBOOK ALLEN & MORTON'S WEST-LONDON
DIRECTORY FOR 1867 ***

Updated editions will replace the previous one—the old editions will be renamed.

Creating the works from print editions not protected by U.S. copyright law means that no one owns a United States copyright in these works, so the Foundation (and you!) can copy and distribute it in the United States without permission and without paying copyright royalties. Special rules, set forth in the General Terms of Use part of this license, apply to copying and distributing Project Gutenberg™ electronic works to protect the PROJECT GUTENBERG™ concept and trademark. Project Gutenberg is a registered trademark, and may not be used if you charge for an eBook, except by following the terms of the trademark license, including paying royalties for use of the Project Gutenberg trademark. If you do not charge anything for copies of this eBook, complying with the trademark license is very easy. You may use this eBook for nearly any purpose such as creation of derivative works, reports, performances and research. Project Gutenberg eBooks may be modified and printed and given away—you may do practically ANYTHING in the United States with eBooks not protected by U.S. copyright law. Redistribution is subject to the trademark license, especially commercial redistribution.

START: FULL LICENSE
THE FULL PROJECT GUTENBERG LICENSE
PLEASE READ THIS BEFORE YOU DISTRIBUTE OR USE THIS WORK

To protect the Project Gutenberg™ mission of promoting the free distribution of electronic works, by using or distributing this work (or any other work associated in any way with the phrase “Project Gutenberg”), you agree to comply with all the terms of the Full Project Gutenberg™ License available with this file or online at www.gutenberg.org/license.

Section 1. General Terms of Use and Redistributing Project Gutenberg™ electronic works

1.A. By reading or using any part of this Project Gutenberg™ electronic work, you indicate that you have read, understand, agree to and accept all the terms of this license and intellectual property (trademark/copyright) agreement. If you do not agree to abide by all the terms of this agreement, you must cease using and return or destroy all copies of Project Gutenberg™ electronic works in your possession. If you paid a fee for obtaining a copy of or access to a Project Gutenberg™ electronic work and you do not agree to be bound by the terms of this agreement, you may obtain a refund from the person or entity to whom you paid the fee as set forth in paragraph 1.E.8.

1.B. “Project Gutenberg” is a registered trademark. It may only be used on or associated in any way with an electronic work by people who agree to be bound by the terms of this agreement. There are a few things that you can do with most Project Gutenberg™ electronic works even without complying with the full terms of this agreement. See paragraph 1.C below. There are a lot of things you can do with Project Gutenberg™ electronic works if you follow the terms of this agreement and help preserve free future access to Project Gutenberg™ electronic works. See paragraph 1.E below.

1.C. The Project Gutenberg Literary Archive Foundation (“the Foundation” or PGLAF), owns a compilation copyright in the collection of Project Gutenberg™ electronic works. Nearly all the individual works in the collection are in the public domain in the United States. If an individual work is unprotected by copyright law in the United States and you are located in the United States, we do not claim a right to prevent you from copying, distributing, performing, displaying or creating derivative works based on the work as long as all references to Project Gutenberg are removed. Of course, we hope that you will support the Project Gutenberg™ mission of promoting free access to electronic works by freely sharing Project Gutenberg™ works in compliance with the terms of this agreement for keeping the Project Gutenberg™ name associated with the work. You can easily comply with the terms of this agreement by keeping this work in the same format with its attached full Project Gutenberg™ License when you share it without charge with others.

1.D. The copyright laws of the place where you are located also govern what you can do with this work. Copyright laws in most countries are in a constant state of change. If you are outside the United States, check the laws of your country in addition to the terms of this agreement before downloading, copying, displaying, performing, distributing or creating derivative works based on this work or any other Project Gutenberg™ work. The Foundation makes no representations concerning the copyright status of any work in any country other than the United States.

1.E. Unless you have removed all references to Project Gutenberg:

1.E.1. The following sentence, with active links to, or other immediate access to, the full Project Gutenberg™ License must appear prominently whenever any copy of a Project Gutenberg™ work (any work on which the phrase “Project Gutenberg” appears, or with which the phrase “Project Gutenberg” is associated) is accessed, displayed, performed, viewed, copied or distributed:

This eBook is for the use of anyone anywhere in the United States and most other parts of the world at no cost and with almost no restrictions whatsoever. You may copy it, give it away or re-use it under the terms of the Project Gutenberg License included with this eBook or online at www.gutenberg.org. If you are not located in the United States, you will have to check the laws of the country where you are located before using this eBook.

1.E.2. If an individual Project Gutenberg™ electronic work is derived from texts not protected by U.S. copyright law (does not contain a notice indicating that it is posted with permission of the copyright holder), the work can be copied and distributed to anyone in the United States without paying any fees or charges. If you are redistributing or providing access to a work with the phrase “Project Gutenberg” associated with or appearing on the work, you must comply either with the requirements of paragraphs 1.E.1 through 1.E.7 or obtain permission for the use of the work and the Project Gutenberg™ trademark as set forth in paragraphs 1.E.8 or 1.E.9.

1.E.3. If an individual Project Gutenberg™ electronic work is posted with the permission of the copyright holder, your use and distribution must comply with both paragraphs 1.E.1

through 1.E.7 and any additional terms imposed by the copyright holder. Additional terms will be linked to the Project Gutenberg™ License for all works posted with the permission of the copyright holder found at the beginning of this work.

1.E.4. Do not unlink or detach or remove the full Project Gutenberg™ License terms from this work, or any files containing a part of this work or any other work associated with Project Gutenberg™.

1.E.5. Do not copy, display, perform, distribute or redistribute this electronic work, or any part of this electronic work, without prominently displaying the sentence set forth in paragraph 1.E.1 with active links or immediate access to the full terms of the Project Gutenberg™ License.

1.E.6. You may convert to and distribute this work in any binary, compressed, marked up, nonproprietary or proprietary form, including any word processing or hypertext form. However, if you provide access to or distribute copies of a Project Gutenberg™ work in a format other than “Plain Vanilla ASCII” or other format used in the official version posted on the official Project Gutenberg™ website (www.gutenberg.org), you must, at no additional cost, fee or expense to the user, provide a copy, a means of exporting a copy, or a means of obtaining a copy upon request, of the work in its original “Plain Vanilla ASCII” or other form. Any alternate format must include the full Project Gutenberg™ License as specified in paragraph 1.E.1.

1.E.7. Do not charge a fee for access to, viewing, displaying, performing, copying or distributing any Project Gutenberg™ works unless you comply with paragraph 1.E.8 or 1.E.9.

1.E.8. You may charge a reasonable fee for copies of or providing access to or distributing Project Gutenberg™ electronic works provided that:

- You pay a royalty fee of 20% of the gross profits you derive from the use of Project Gutenberg™ works calculated using the method you already use to calculate your applicable taxes. The fee is owed to the owner of the Project Gutenberg™ trademark, but he has agreed to donate royalties under this paragraph to the Project Gutenberg Literary Archive Foundation. Royalty payments must be paid within 60 days following each date on which you prepare (or are legally required to prepare) your periodic tax returns. Royalty payments should be clearly marked as such and sent to the Project Gutenberg Literary Archive Foundation at the address specified in Section 4, “Information about donations to the Project Gutenberg Literary Archive Foundation.”
- You provide a full refund of any money paid by a user who notifies you in writing (or by e-mail) within 30 days of receipt that s/he does not agree to the terms of the full Project Gutenberg™ License. You must require such a user to return or destroy all copies of the works possessed in a physical medium and discontinue all use of and all access to other copies of Project Gutenberg™ works.
- You provide, in accordance with paragraph 1.F.3, a full refund of any money paid for a work or a replacement copy, if a defect in the electronic work is discovered and reported to you within 90 days of receipt of the work.
- You comply with all other terms of this agreement for free distribution of Project Gutenberg™ works.

1.E.9. If you wish to charge a fee or distribute a Project Gutenberg™ electronic work or group of works on different terms than are set forth in this agreement, you must obtain permission in writing from the Project Gutenberg Literary Archive Foundation, the manager of the Project Gutenberg™ trademark. Contact the Foundation as set forth in Section 3 below.

1.F.

1.F.1. Project Gutenberg volunteers and employees expend considerable effort to identify, do copyright research on, transcribe and proofread works not protected by U.S. copyright law in creating the Project Gutenberg™ collection. Despite these efforts, Project Gutenberg™ electronic works, and the medium on which they may be stored, may contain “Defects,” such as, but not limited to, incomplete, inaccurate or corrupt data, transcription errors, a copyright or other intellectual property infringement, a defective or damaged disk or other medium, a computer virus, or computer codes that damage or cannot be read by your equipment.

1.F.2. LIMITED WARRANTY, DISCLAIMER OF DAMAGES - Except for the “Right of Replacement or Refund” described in paragraph 1.F.3, the Project Gutenberg Literary Archive Foundation, the owner of the Project Gutenberg™ trademark, and any other party distributing a Project Gutenberg™ electronic work under this agreement, disclaim all liability to you for damages, costs and expenses, including legal fees. YOU AGREE THAT YOU HAVE NO REMEDIES FOR NEGLIGENCE, STRICT LIABILITY, BREACH OF WARRANTY OR BREACH OF CONTRACT EXCEPT THOSE PROVIDED IN PARAGRAPH 1.F.3. YOU AGREE THAT THE FOUNDATION, THE TRADEMARK OWNER, AND ANY DISTRIBUTOR UNDER

THIS AGREEMENT WILL NOT BE LIABLE TO YOU FOR ACTUAL, DIRECT, INDIRECT, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL DAMAGES EVEN IF YOU GIVE NOTICE OF THE POSSIBILITY OF SUCH DAMAGE.

1.F.3. LIMITED RIGHT OF REPLACEMENT OR REFUND - If you discover a defect in this electronic work within 90 days of receiving it, you can receive a refund of the money (if any) you paid for it by sending a written explanation to the person you received the work from. If you received the work on a physical medium, you must return the medium with your written explanation. The person or entity that provided you with the defective work may elect to provide a replacement copy in lieu of a refund. If you received the work electronically, the person or entity providing it to you may choose to give you a second opportunity to receive the work electronically in lieu of a refund. If the second copy is also defective, you may demand a refund in writing without further opportunities to fix the problem.

1.F.4. Except for the limited right of replacement or refund set forth in paragraph 1.F.3, this work is provided to you 'AS-IS', WITH NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PURPOSE.

1.F.5. Some states do not allow disclaimers of certain implied warranties or the exclusion or limitation of certain types of damages. If any disclaimer or limitation set forth in this agreement violates the law of the state applicable to this agreement, the agreement shall be interpreted to make the maximum disclaimer or limitation permitted by the applicable state law. The invalidity or unenforceability of any provision of this agreement shall not void the remaining provisions.

1.F.6. INDEMNITY - You agree to indemnify and hold the Foundation, the trademark owner, any agent or employee of the Foundation, anyone providing copies of Project Gutenberg™ electronic works in accordance with this agreement, and any volunteers associated with the production, promotion and distribution of Project Gutenberg™ electronic works, harmless from all liability, costs and expenses, including legal fees, that arise directly or indirectly from any of the following which you do or cause to occur: (a) distribution of this or any Project Gutenberg™ work, (b) alteration, modification, or additions or deletions to any Project Gutenberg™ work, and (c) any Defect you cause.

Section 2. Information about the Mission of Project Gutenberg™

Project Gutenberg™ is synonymous with the free distribution of electronic works in formats readable by the widest variety of computers including obsolete, old, middle-aged and new computers. It exists because of the efforts of hundreds of volunteers and donations from people in all walks of life.

Volunteers and financial support to provide volunteers with the assistance they need are critical to reaching Project Gutenberg™'s goals and ensuring that the Project Gutenberg™ collection will remain freely available for generations to come. In 2001, the Project Gutenberg Literary Archive Foundation was created to provide a secure and permanent future for Project Gutenberg™ and future generations. To learn more about the Project Gutenberg Literary Archive Foundation and how your efforts and donations can help, see Sections 3 and 4 and the Foundation information page at www.gutenberg.org.

Section 3. Information about the Project Gutenberg Literary Archive Foundation

The Project Gutenberg Literary Archive Foundation is a non-profit 501(c)(3) educational corporation organized under the laws of the state of Mississippi and granted tax exempt status by the Internal Revenue Service. The Foundation's EIN or federal tax identification number is 64-6221541. Contributions to the Project Gutenberg Literary Archive Foundation are tax deductible to the full extent permitted by U.S. federal laws and your state's laws.

The Foundation's business office is located at 809 North 1500 West, Salt Lake City, UT 84116, (801) 596-1887. Email contact links and up to date contact information can be found at the Foundation's website and official page at www.gutenberg.org/contact

Section 4. Information about Donations to the Project Gutenberg Literary Archive Foundation

Project Gutenberg™ depends upon and cannot survive without widespread public support and donations to carry out its mission of increasing the number of public domain and licensed works that can be freely distributed in machine-readable form accessible by the widest array of equipment including outdated equipment. Many small donations (\$1 to \$5,000) are particularly important to maintaining tax exempt status with the IRS.

The Foundation is committed to complying with the laws regulating charities and charitable donations in all 50 states of the United States. Compliance requirements are not uniform and it takes a considerable effort, much paperwork and many fees to meet and keep up with these

requirements. We do not solicit donations in locations where we have not received written confirmation of compliance. To SEND DONATIONS or determine the status of compliance for any particular state visit www.gutenberg.org/donate.

While we cannot and do not solicit contributions from states where we have not met the solicitation requirements, we know of no prohibition against accepting unsolicited donations from donors in such states who approach us with offers to donate.

International donations are gratefully accepted, but we cannot make any statements concerning tax treatment of donations received from outside the United States. U.S. laws alone swamp our small staff.

Please check the Project Gutenberg web pages for current donation methods and addresses. Donations are accepted in a number of other ways including checks, online payments and credit card donations. To donate, please visit: www.gutenberg.org/donate

Section 5. General Information About Project Gutenberg™ electronic works

Professor Michael S. Hart was the originator of the Project Gutenberg™ concept of a library of electronic works that could be freely shared with anyone. For forty years, he produced and distributed Project Gutenberg™ eBooks with only a loose network of volunteer support.

Project Gutenberg™ eBooks are often created from several printed editions, all of which are confirmed as not protected by copyright in the U.S. unless a copyright notice is included. Thus, we do not necessarily keep eBooks in compliance with any particular paper edition.

Most people start at our website which has the main PG search facility: www.gutenberg.org.

This website includes information about Project Gutenberg™, including how to make donations to the Project Gutenberg Literary Archive Foundation, how to help produce our new eBooks, and how to subscribe to our email newsletter to hear about new eBooks.
